PORTABLE EVENT DISPLAYS

WHY WE SELL WHAT WE SELL

Convenient, affordable and attention grabbing, that was the brief for our Portable Event Display range. We worked hard to ensure that every product in our range from budget to deluxe was of a high enough quality that we'd be proud to put our name to. If we wouldn't put it in our own exhibition stand then it didn't make the cut. We had to think about how easy each piece was to transport and install (that expo set up pressure is real), how it would look after it's been stored for 6 months (hence why most of our fabrics are wrinkle free, yipee!), how we could support you with the longest warranty periods on your hardware as we could (and no, we won't ask you to find your receipt), and how we could help you stand out whether your event was inside or out (you think the main use of a marquee is for the advertising, but we all know it's the shade it provides that's the real MVP).

We sell what we sell because it passed all the tests, and if you know our quality standards, you'd know the range must be pretty good.

PRODUCTION TURN AROUND

The best part about an extended range of products means we have options. Whether you need something urgently turned around in 24 hours to get you out of a pickle or you've got a little more time up your sleeve to really make an impact, we're here to help. Our A-Frames, Banners, Pull Up Banners and X-Banners are all produced in 24 hours, but if you're looking for something with a bit more 'oomph' our extended range of fabric displays are turned around in only 10 working days.

PRODUCTS TO SUIT EVERY BUDGET

The hardest part about putting your brand on display is that your marketing has to match your product. If you're selling \$5 shoe horns you probably don't need a \$2000 display wall, and if you're selling \$10,000 websites a \$70 A-Frame isn't going to cut it. Let us help you narrow down the search with our Basic, Standard and Deluxe range of products so you know exactly where to start.

Our Corflute Insert Wire A-Frame is the cheaper, lightest (3.8kg), full sized A-Frame in the industry! Suitable for both indoor and outdoor use it's one of the most versatile and affordable signage solutions available.

Looking for the cheapest way to make an impact? Our Everyday Super Saver Banner is not only the cheapest you'll find in the market but as a fabric banner it's actually also one of the most innovative. Easy to store, fold and assemble it's the newest way to make an impact without breaking the bank.

Why buy an unprinted Bunnings marquee when branded ones are this cheap! The most economical marquee in the market is here, straight from the manufacturer."

SEG LIGHT BOXES

The 2019 SGIA Product of the Year and the most versatile, user friendly, and sought after display system in the market. With LED lighting embedded within the side panels, our SEG Light boxes utilise patented invisible integrated wiring (this means no dangling cords in between each piece!). Simply click each end into place and the last piece connects to the power supply. Each SEG fabric graphic is hemmed with a silicone lining that easily pushes into the display for a quick, taught, tool free, wrinkle free set up. Made with synthetic structured PVC, our lightboxes are lighter than most displays out there, and come standard with a padded carry bag.

PROMOTIONAL PRODUCTS

WHY WE SELL WHAT WE SELL

If you've ever looked from promotional products, you'd know your options are literally endless (which is actually the most unhelpful thing ever). If we were struggling with the sheer amount of choice we knew our customers would be too. We spent months researching the most popular product lines and what made them great. We then spent months sourcing and building relationships with suppliers that we knew shared the same values of quality, affordability and reliability. We tested every pen under the sun and held hundreds of drink bottles upside down and 6 months later had a fine tuned range of almost 200 popular promotional products that lived up to our expectations. China direct pricing with our high quality standards, the best of both worlds.

PRODUCTION TURN AROUND

When sourcing this range we knew we needed fast, reliable turn arounds. Our entire range is produced in just 10 working days so that we've got your back when you need it most.

PRODUCTS TO SUIT EVERY BUDGET

We've broken this range down into categories that allow you to quickly find what you're looking for. Whether that be by material or functionality, each category has a range of products available to suit your budget. Don't know where to start? Let us know your budget and we'll come back with some options to suit. Already know what product you're after? Let us help you find one that works within your budget. Either way, we've got your back.
